

RIDE employs double-blind peer-reviews to ensure the quality of its publications. Without the dedicated work of the individuals listed on this page, this journal would not exist in its current form.

A note on the composition of the list below: we only list reviewers who explicitly granted us permission to mention them here. We will also only update this list every 3-4 issues to ensure the anonymity of our peer-reviewers.

Previous RIDE Peer Reviewers

- Susanna Allés Torrent (University of Miami)
- Brett Barney (University of Nebraska-Lincoln)
- Sébastien Barret (CNRS, Institut de recherche et d’histoire des textes)
- Agiatis Benardou (ATHENA R.C. / University of Glasgow)
