For the first time, La Entretenida offers a digital scholarly edition of a theatrical text written by Miguel de Cervantes. From a scholarly perspective, this edition has a considerable value offering a brief contextualization of the play, a clear set of editorial criteria, and an edited text that provides an English translation. Fr...

Digital Thoreau

Digital Thoreau , Paul Schacht (ed.), 2014. <http://www.digitalthoreau.org/> (Last Accessed: 30.12.2015). Reviewed by Aodhán Kelly (University of Antwerp). aodhan.kelly (at) uantwerpen.be || Abstract Digital Thoreau is a web resource comprising three digital projects related to the work of Henry David Thoreau created at SUNY Geneseo. The first of these is a fluid text edition of Thoreau’s most famous work Walden . This allows multiple versions of the text to be represented simultaneously in a dynamic environment, which can be a valuable resource to Thoreau scholars, particularly for those interested in researching the genetic aspect of the text. In the second pr...

Hugo von Montfort: Das poetische Werk

Hugo von Montfort: Das poetische Werk , Wernfried Hofmeister (ed.), 2011-2015. <http://www-gewi.uni-graz.at/montfort-edition/> (Last Accessed: 17.02.2016). Reviewed by Torsten Schaßan (Herzog August Bibliothek). [schassan \(at\) hab.de](mailto:schassan@hab.de) || Abstract Hugo von Montfort - The poetic work calls itself a hybrid edition. In fact one would hesitate to call this a digital edition as from the beginning, the main purpose of the website had been to accompany the printed edition. Nevertheless, over time more materials have been assembled and offer multiple ways of access: for textual scholarly work (Lesefassung), for linguistic and palaeographic interests (Augenfassung), for li...
