

## Call for Reviews

RIDE is calling for reviews of digital scholarly editions and other related projects. The deadline for the submission of reviews for the next issue on digital scholarly editions is April 30th, 2019.

We are particularly interested in reviews of some projects, please see our [suggestions for review](#). Prospective reviewers are welcome to choose from this list or suggest a project for review to the [Managing Editor](#). Please also check the page for [projects that have already been assigned reviewers](#).

Please contact the Managing Editor if you would like to volunteer to review a project from the list or of your own choosing and include the project, your name and the institution you work for, as well as information regarding your qualification in the email.

Please also check out information about the [writing process and submission guidelines](#). RIDE aims to publish reviews that are peer-reviewed articles. In order to reach a certain level of in-depth discussion, reviews should have a minimum length of 2000 words.

Publications will be licensed under CC-BY. RIDE does not charge submission, processing or publication fees of any sort.

Also check out our [RIDE Award](#) for the best review!
